	4th Grade 5th Grade	2nd Grade 6th Grade		3rd Grade	1st Grade

Pre-K and Kindergarten Early Literacy Assessment

Students will be assessed in small groups during the week of April 16th - 20th

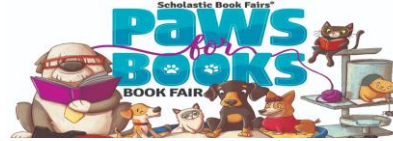

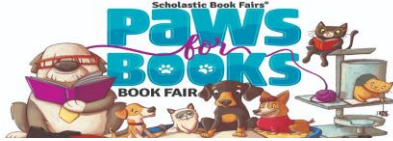

What's Happening at St. Mary's?

Here are a few activities I "caught" our Middle School students involved with this week!!

- 8th Graders – Students illustrated elements needed in an expository essay through role playing led by Mrs. Jacques.
- 7th Graders – Students worked together using Punnett Squares to predict possible genotypes and phenotypes with the assistance of Mrs. Mader.
 - **“Genotype and phenotype** are very similar-sounding words that are related, but actually mean different things. The **genotype** is the set of genes in our DNA which is responsible for a particular trait. The **phenotype** is the physical expression, or characteristics, of that trait”. Just in case you were wondering ☺
- 7th Graders – Students worked collaboratively to identify and explain specific symbols used during Lent/The Passion of Jesus Christ.
- PE – Students enjoyed learning the fundamentals of the game of Ping Pong. I even got a chance to play!

St. Mary's students are interested, engaged, and excited about learning!

Our Spring Book Fair will be open April 9th - 13th!

Please see the attached schedule for classroom visits to the Book Fair!
